## "The Lifestyle Shoppe" Musical Drama

"As I walked through the wilderness of this world..." begins Pilgrim's Progress, one of the greatest books on the Christian life ever written. Indeed, this world we live in is a wilderness. Those of us who strive to walk "the narrow way that leads to life" know the difficulty of staying on the path-while we mourn for those around us who choose "the broad path that leads to destruction."

In this drama written by DramaShare member Bob Ward, Seeker wanders into the Lifestyle Shoppe, seeking a life. The shopkeeper explains Broadway, Striveway, and Narrowway to her. Seeker wants to try out all three aisles before deciding where to buy. In her journey she meets people trying out various means of finding that elusive commodity called happiness.

This is a gripping story with all the characters interwoven and re-appearing throughout the play. The final, predictable climax turns out to be anything but predictable.

This musical, which includes the heartfelt lyrics and hauntingly beautiful melodies of Alisha Jane Gilbert, will have you laughing hysterically in some scenes and weeping uncontrollably in others. Such is the human experience.

This and all 2,000+ scripts on our site are free of charge to **DramaShare members** or non-members may [purchase the individual script](#).
